IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF COLORADO

Civil Action No.

Endrew F., a minor, by and through his parents and next friends, JOSEPH and JENNIFER F.,

Plaintiffs,

v.

DOUGLAS COUNTY SCHOOL DISTRICT RE 1,

Defendant.

COMPLAINT

Plaintiff, Endrew F., a minor, by and through his parents and next friends, Joseph and Jennifer F., through counsel Spies, Powers & Robinson, P.C., submit the following Complaint.

I. PARTIES

1. Plaintiff, Endrew F., is a child with a disability as that term is defined in the Individuals With Disabilities Act (IDEA), 20 U.S.C. § 1401(3), and Colorado's Exceptional Children's Educational Act (ECEA), Colo. Rev. Stat. § 22-20-103(5)(a)(I). Joseph and Jennifer F. (Parents) are the natural parents of Endrew F. pursuant to 20 U.S.C. § 1401(23(A), and C.R.S. § 22-20-103(19.7)(a)(1). Endrew F. and Parents are permanent residents of Douglas County School District Re 1.

2. Defendant, Douglas County School District Re 1 ("School District"), is a school district organized under the laws of the State of Colorado, C.R.S. § 22-30-101 et. seq. and as defined by the ECEA at C.R.S. § 22-20-103(22). The School District is a "local educational

agency" ("LEA") as that term is defined in 20 U.S.C. § 1401(19)(A).

II. JURISDICTION AND VENUE

3. This Court has jurisdiction to hear this matter pursuant to 20 U.S.C. § 1415(i)(2)(A) and 20 U.S.C. § 1331.

4. Venue is proper in this Court pursuant to 28 U.S.C. § 1391(b)[.]

III. GENERAL ALLEGATIONS

5. Under the IDEA, states must ensure that a free appropriate public education ("FAPE") is provided to students with disabilities. 20 U.S.C. § 1412(a)(1)(A).

6. A FAPE consists of special education and related services that meet the standards of the State educational agency[1] and are provided in conformance with an individualized education program ("IEP"). 20 U.S.C. § 1401(9).

7. An IEP is a written statement of the child's present levels of educational performance, including how the child's disability affects his involvement and progress in the general curriculum, a statement of measurable annual goals and short term objectives, a statement of special education services that are to be provided to the child, and an explanation of the extent to which the child will not participate with non-disabled students. 20 U.S.C. §§ 1401(14) and 1414(d)(1)(A).

8. Special education consists of instruction that is specially designed to meet the unique needs of the child. 20 U.S.C. § 1401(29).

---

[1] The Colorado Department of Education ("CDE") is the State educational agency for Colorado.

9. Parents who believe that the LEA, i.e., the school district, has not met its obligations under the IDEA may file a due process complaint to have the dispute resolved at an impartial due process hearing conducted by the SEA. 20 U.S.C. § 1415(f)(1)(A); 1 C.C.R. 301-8, 2220-R-6.02(7).[2] In Colorado, the due process hearing is conducted by an administrative law judge ("ALJ") with the Colorado Office of Administrative Courts. ECEA Rule 6.02(7.5)(c).

10. A party aggrieved by the findings and decision of the ALJ has the right to bring a civil action in federal court. 20 U.S.C. § 1415(i)(2)(A); ECEA Rule 6.02(7.5(j). The reviewing court receives the record of the administrative proceedings and bases its decision on the preponderance of the evidence in the record. 20 U.S.C. § 1415(C).

11. Endrew F. is a child with autism and is eligible for special education and related services under the IDEA. 20 U.S.C. §§ 1401 *et seq.*

12. Autism, as that term is defined in the IDEA, "is a developmental disability significantly affecting verbal and nonverbal communication and social interaction . . . that adversely affects a child's educational performance. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistence to environmental change or change in daily routines, and unusual

---

[2] References to the Rules (for the) Administration of the Exceptional Children's Educational Act will be hereafter cited as "ECEA Rule ____." In relevant part, the ECEA Rules were amended effective July 1, 2011. All actions relevant to this educational dispute took place subsequent to July 1, 2011.

responses to sensory experiences." 34 C.F.R. § 300.8(c)(1)(I).

13. Endrew F. was born on September 28, 1999, and was diagnosed with autism when he was two years old. In 2003, Drew was also diagnosed with Attention Deficit/Hyperactivity Disorder ("ADHD").

14. Endrew F. struggles with the ability to functionally communicate personal needs, emotions and initiations, and does not engage or interact with others in social routines or play. He has compulsive and perseverative behaviors that he has difficulty overcoming throughout the day which interfere with his learning environment and which creates a major barrier to his ability to participate and be available to learn.

15. Endrew F. also has many maladaptive behaviors that interfere with his ability to participate in the learning environment, including: eloping, dropping to the ground, climbing, loud vocalizations, perseverative language, and picking/scraping. In addition, Endrew F. presents with many severe fears, such as using a new or public bathroom, which severely limits his ability to be in school or in the community.

16. Endrew F. has been attending Firefly Autism House (Firefly), a private school that specializes in the education of children with autism like Endrew F., since May of 2010. Before Endrew F. enrolled at Firefly, Endrew F. attended Summit View Elementary School ("Summit View") in the School District.

17. Beginning in Endrew F.'s first grade, Parents developed significant concerns over Endrew F.'s lack of academic, social and behavioral progress at school. Parents communicated their concerns to the school

about the inappropriateness of Endrew F.'s special educational program and the lack of support he was receiving.

18. Endrew F. stopped making progress in his first grade year and his maladaptive and disruptive behaviors drastically increased.

19. In his second grade year, the School District changed Endrew F.'s IEP from trying to educate Endrew to managing his escalating problem behaviors. Endrew continued to deteriorate under this program which resulted in a change of schools, from Heritage Elementary to Summit View.

20. During Endrew F.'s fourth grade year, his ability to function at school and access the educational environment became noticeably worse. Endrew F. bolted from the classroom frequently and ran out of the school building and into the street on one occasion. He urinated and defecated on the floor of the "calming room" twice without school personnel realizing what had occurred. He was unable to use the toilet at school. According to school records, Endrews F.' problem behaviors included climbing furniture, falling off furniture, hitting computers or TV screens, yelling, kicking others, kicking walls, head banging, and asking others to punish him. School personnel called Parents on a frequent basis to come and pick up Endrew F. due to their inability to address his needs.

21. In April 2010, the School District convened a meeting to develop an IEP for the 2010 - 2011 school year. The IEP presented to the Parents was not substantively different than the IEPs that had failed to provide Endrew F. an appropriate education in the

past. The IEP evidenced that Endrew F. had made no measurable progress on his goals and objectives.

22. Despite Endrew F.'s known maladaptive and disruptive behaviors that prevented his ability to access education, the School District failed to ever conduct a functional behavioral assessment, develop appropriate positive behavioral interventions, supports or strategies, or develop an appropriate behavior intervention plan as required by the IDEA.

23. The School District's April 2010 IEP was not reasonably calculated to provide Endrew F. an appropriate education. Accordingly, the Parents rejected the educational placement and program proposed by the School District and enrolled Endrew F. at Firefly, and requested that the School District pay for the costs associated with this private educational placement and program. The School District refused.

24. At Firefly, Endrew F. has been able to access education and learn. He is progressing academically, socially and behaviorally and is meeting appropriate goals commensurate with his potential. Endrew F.'s anxieties and problem behaviors have decreased. At Firely, Endrew F. is able to self-calm and is able to attend to the instruction and program provided to him to learn. Firefly has demonstrated the ability to provide Endrew an appropriate education.

25. It was uncontested at the due process hearing that Endrew F. is making substantial academic, social and behavioral progress at Firefly.

26. On February 21, 2012, Parents filed a due process complaint with the Colorado Department of Education and the School District's Special Education Director pursuant to the dispute resolution procedures

set forth in the IDEA (20 U.S.C. § 1415(f)), its implementing regulations (34 C.F.R. §§ 300.507 - 300.511), and the ECEA Rules (ECEA Rule 6.02(7.5)).

27. The due process hearing was held before an ALJ at the Colorado Office of Administrative Courts between June 6 - 8, 2012.

28. The ALJ issued her Agency Decision on July 9, 2012. While the ALJ found that many of the goals in Endrew F.'s IEP remained the same year after year and that Endrew F. did not make progress towards many of those goals and objectives, the ALJ nevertheless determined that Endrew F. made some progress. The ALJ failed to identify any goals or objectives on which Endrew F. made progress.

29. The ALJ "found merit" in Parents' argument that the School District failed to properly document or report to Parents Endrew F.'s progress (or lack thereof) as required by the IDEA. Nevertheless, the ALJ found that the absence of progress reporting did not amount to a substantive denial of FAPE.

30. The ALJ found that the School District failed to perform a functional behavioral assessment either before or after it drafted a behavior intervention plan in 2007. The ALJ recognized that a behavior intervention plan was not discussed or modified before the April 2012 IEP Meeting and that the April 2012 IEP fails to include a behavior intervention plan. Nevertheless, the ALJ found, incorrectly, that "Neither a FBA or a BIP are required components of an IEP."

IV. FIRST CLAIM FOR RELIEF

(Violation of 20 U.S.C. § 1414)

31. Plaintiff incorporates the allegations set forth above as if fully set forth herein.

32. The School District's proposed IEP violated the IDEA and failed to ensure the provision of a FAPE by its failure to include compliant statements of measurable annual goals and short-term objectives, including academic and functional goals, that were reasonably designed to meet Endrew F.'s needs that result from his disabilities to enable him to be involved in and make progress in the general curriculum.

33. The School District's proposed IEP violated the IDEA and failed to ensure the provision of a FAPE by its failure to include compliant statements of measurable annual goals and short-term objectives, including academic and functional goals, that were reasonably designed to meet each of Endrew F.'s educational needs that result from his disabilities.

34. The School District's proposed IEP violated the IDEA and failed to ensure the provision of a FAPE by its failure to include a statement of how Endrew F.'s progress toward meeting the goals and objectives will be measured.

35. The School District's proposed IEP violated the IDEA and failed to ensure the provision of a FAPE by its failure to include a statement of when periodic reports on the progress Endrew F. was making (or not making) toward meeting the annual goals and objectives.

36. The School District violated the IDEA by its failure to provide the Parents with appropriate reports on the progress Endrew F. was made (or failed to make) toward meeting the annual goals and objectives, which deprived the Parents' ability to meaningfully

participate in Endrew F.'s education and the development of Endrew F.'s IEPs.

37. The School District violated the IDEA by its failure to conduct a functional behavioral assessment.

38. The School District violated the IDEA by its failure to develop and appropriate behavior intervention plan.

39. The School District's proposed IEP violated the IDEA and failed to ensure the provision of a FAPE by its failure to include a behavior intervention plan based on a functional behavioral assessment.

40. The School District violated the IDEA in the development of the proposed IEP by its failure to consider the concerns of the Parents for enhancing the education of Endrew F. and failing to consider all of the academic, developmental, and functional needs of Endrew F.

41. The School District violated the IDEA in the development of the proposed IEP by its failure to consider the use of positive behavioral interventions and supports, and other strategies to address Endrew F.'s known maladaptive and disruptive behaviors that impeded his learning.

42. The School District violated the IDEA in the development of the proposed IEP by its failure to address Endrew F.'s lack of progress toward the annual goals and objectives included in Endrew F.'s prior IEPs.

43. The foregoing violations of the IDEA, individually and cumulatively, resulted in a denial of a FAPE to Endrew F.

V. SECOND CLAIM FOR RELIEF

(Violation of 20 U.S.C. § 1412)

44. Plaintiff incorporates the allegations set forth above as if fully set forth herein.

45. The IDEA requires that the School District make a free appropriate public education available to all children with disabilities, including Endrew F.

46. The School District's procedural and substantive violations of the IDEA resulted in a denial of a free appropriate public education to Endrew F.

VI. REQUEST FOR RELIEF

WHEREFORE, Plaintiff respectfully requests that this Court enter judgment in his favor, reverse the ALJ's Agency Decision, enter an order directing the School District to reimburse the Parents for the costs associated with Endrew F.'s educational placement at Firefly, enter an order that the proposed IEP is not reasonably calculated to provide Endrew F. An appropriate education and that Firefly provides Endrew F. an appropriate education, and award Parents their costs and attorney fees and such other relief as the Court deems just and proper.

Respectfully submitted on October 2, 2012,

Required Information

On Behalf of:

Child's name:	Endrew F.	Firefly Autism House
Address (if: different from parent's address)	Same as Parent's address	School the student attends

Please describe the nature of the problem with the school and any facts relating to the problems (attach additional pages if necessary):

Endrew F. is a 13 year-old boy with a diagnosis of autism. He struggles with the ability to functionally communicate personal needs, emotions and initiations, and does not engage or interact with others in social routines or play. Endrew has compulsive and perseverative behaviors that he has difficulty overcoming throughout the day which interfere with his learning environment and which creates a major barrier to his ability to participate and be available to learn. Endrew also has many maladaptive behaviors that interfere with his ability to participate in the learning environment, including: eloping, dropping to the ground, climbing, loud vocalizations, perseverative language, and picking/scraping. Also, Endrew presents with many severe fears, such as using a new or public bathroom, which severely limits his ability to be in school or in the community.

Endrew has been attending Firefly Autism House (Firefly), a private school that specializes in the education of children with autism like Endrew, since May of 2010. Before Endrew was enrolled at Firefly,

Endrew attended Summit View Elementary School ("Summit View") in the Douglas County School District ("School District"). Beginning in Endrew's first grade, the [parents] developed significant concerns over Endrew's lack of academic, social and behavioral progress at school. They communicated their concerns to the school about the inappropriateness of Endrew' s special educational program and the lack of support he was receiving. Endrew was incontinent at school, obsessed over objects that were intended to help stay on task, and frequently tried to bolt from the classroom. The [parents'] offer to have Endrew's psychologist observe Endrew in the classroom and provide support to Endrew' *s* school team with social and behavioral recommendations was refused by the School District.

Endrew stopped making progress in his first grade year and his disruptive behaviors drastically increased. In his second grade year, the School District changed Endrew's IEP from trying to educate Endrew to managing his escalating problem behaviors. Endrew continued deteriorate under this program which resulted in a change of schools, from Heritage Elementary to Summit View.

During Endrew's fourth grade year, his ability to function at school and access the educational environment became noticeably worse. Endrew bolted from the classroom frequently and ran out of the school building and into the street on one occasion. He urinated and defecated on the floor of the "calming room" twice without school personnel realizing what had occurred. He was unable to use the toilet at school. According to school records, Endrews' problem behaviors included climbing furniture, falling off furniture, hitting computers or TV screens, yelling,

kicking others, kicking walls, head banging, and asking others to punish him. School personnel called Mrs. F. on an almost daily basis to come and pick up Endrew due to their inability to address his needs.

In April 2010, the School District convened a meeting to develop an Individualized Educational Program (IEP) for the 2010 - 2011 school year. The IEP presented to the Parents was not substantively different than the IEPs that had failed to provide Endrew an appropriate education in the past. The School District demonstrated that it was unable to provide Endrew an education. The Parents rejected the educational placement and program proposed by the School District as being not reasonably calculated to provide Endrew an appropriate education.

The Parents withdrew Endrew from the School District and enrolled Endrew at Firefly, and requested that the School District pay for the costs associated with this private educational placement and program. The School District refused.

In the relatively brief amount of time Endrew has attended Firefly, Endrew has been able to access education and learn. He is progressing academically, socially and behaviorally and is meeting appropriate goals commensurate with his potential. Endrew's anxieties and problem behaviors have decreased and Endrew and because Firefly addressed Endrew's restroom phobia, he is able to use the toilet at Firefly. Reports from Firely note that Endrew is able to self-calm and is able to attend to the instruction and program provided to him to learn. Firefly has demonstrated the ability to provide Endrew an appropriate education. The School District's repeated failure to address Endrew's individualized needs and

provide him with any educational benefit in a public school setting requires the School District to provide for Endrew's educational needs by placement at Firefly.

Please describe how this problem could be resolved (attache additional pages if necessary):

Placement by the School District at Firefly, including transportation to and from school, and reimbursement of the costs associated with Endrew's placement at Firefly from May 2010 to the present.

Attorney Signature *Jack D. Robinson* Date 2/21/2012

20 U.S.C.A. § 1400

§1400. Short title; findings; purposes

(a) Short title

This chapter may be cited as the "Individuals with Disabilities Education Act."

(b) Omitted

(c) Findings

Congress finds the following:

(1) Disability is a natural part of the human experience and in no way diminishes the right of individuals to participate in or contribute to society. Improving educational results for children with disabilities is an essential element of our national policy of ensuring equality of opportunity, full participation, independent living, and economic self-sufficiency for individuals with disabilities.

(2) Before the date of enactment of the Education for All Handicapped Children Act of 1975 (Public Law 94-142), the educational needs of millions of children with disabilities were not being fully met because –

(A) the children did not receive appropriate educational services;

(B) the children were excluded entirely from the public school system and from being educated with their peers;

(C) undiagnosed disabilities prevented the children from having a successful educational experience; or

(D) a lack of adequate resources within the public school system forced families to find services outside the public school system.

(3) Since the enactment and implementation of the Education for All Handicapped Children Act of 1975, this chapter has been successful in ensuring children with disabilities and the families of such children access to a free appropriate public education and in improving educational results for children with disabilities.

(4) However, the implementation of this chapter has been impeded by low expectations, and an insufficient focus on applying replicable research on proven methods of teaching and learning for children with disabilities.

(5) Almost 30 years of research and experience has demonstrated that the education of children with disabilities can be made more effective by –

(A) having high expectations for such children and ensuring their access to the general education curriculum in the regular classroom, to the maximum extent possible, in order to –

(i) meet developmental goals and, to the maximum extent possible, the challenging expectations that have been established for all children; and

(ii) be prepared to lead productive and independent adult lives, to the maximum extent possible;

(B) strengthening the role and responsibility of parents and ensuring that families of such children have meaningful opportunities to

participate in the education of their children at school and at home;

(C) coordinating this chapter with other local, educational service agency, State, and Federal school improvement efforts, including improvement efforts under the Elementary and Secondary Education Act of 1965 [20 U.S.C.A. § 6301 et seq.], in order to ensure that such children benefit from such efforts and that special education can become a service for such children rather than a place where such children are sent;

(D) providing appropriate special education and related services, and aids and supports in the regular classroom, to such children, whenever appropriate;

(E) supporting high-quality, intensive preservice preparation and professional development for all personnel who work with children with disabilities in order to ensure that such personnel have the skills and knowledge necessary to improve the academic achievement and functional performance of children with disabilities, including the use of scientifically based instructional practices, to the maximum extent possible;

(F) providing incentives for whole-school approaches, scientifically based early reading programs, positive behavioral interventions and supports, and early intervening services to reduce the need to label children as disabled in order to address the learning and behavioral needs of such children;

(G) focusing resources on teaching and learning while reducing paperwork and requirements that do not assist in improving educational results; and

(H) supporting the development and use of technology, including assistive technology devices and assistive technology services, to maximize accessibility for children with disabilities.

(6) While States, local educational agencies, and educational service agencies are primarily responsible for providing an education for all children with disabilities, it is in the national interest that the Federal Government have a supporting role in assisting State and local efforts to educate children with disabilities in order to improve results for such children and to ensure equal protection of the law.

(7) A more equitable allocation of resources is essential for the Federal Government to meet its responsibility to provide an equal educational opportunity for all individuals.

(8) Parents and schools should be given expanded opportunities to resolve their disagreements in positive and constructive ways.

(9) Teachers, schools, local educational agencies, and States should be relieved of irrelevant and unnecessary paperwork burdens that do not lead to improved educational outcomes.

(10)(A) The Federal Government must be responsive to the growing needs of an increasingly diverse society.

(B) America's ethnic profile is rapidly changing. In 2000, 1 of every 3 persons in the United States was a member of a minority group or was limited English proficient.

(C) Minority children comprise an increasing percentage of public school students.

(D) With such changing demographics, recruitment efforts for special education personnel should focus on increasing the participation of minorities in the teaching profession in order to provide appropriate role models with sufficient knowledge to address the special education needs of these students.

(11)(A) The limited English proficient population is the fastest growing in our Nation, and the growth is occurring in many parts of our Nation.

(B) Studies have documented apparent discrepancies in the levels of referral and placement of limited English proficient children in special education.

(C) Such discrepancies pose a special challenge for special education in the referral of, assessment of, and provision of services for, our Nation's students from non-English language backgrounds.

(12)(A) Greater efforts are needed to prevent the intensification of problems connected with mislabeling and high dropout rates among minority children with disabilities.

(B) More minority children continue to be served in special education than would be

expected from the percentage of minority students in the general school population.

(C) African-American children are identified as having intellectual disabilities and emotional disturbance at rates greater than their White counterparts.

(D) In the 1998-1999 school year, African-American children represented just 14.8 percent of the population aged 6 through 21, but comprised 20.2 percent of all children with disabilities.

(E) Studies have found that schools with predominately White students and teachers have placed disproportionately high numbers of their minority students into special education.

(13)(A) As the number of minority students in special education increases, the number of minority teachers and related services personnel produced in colleges and universities continues to decrease.

(B) The opportunity for full participation by minority individuals, minority organizations, and Historically Black Colleges and Universities in awards for grants and contracts, boards of organizations receiving assistance under this chapter, peer review panels, and training of professionals in the area of special education is essential to obtain greater success in the education of minority children with disabilities.

(14) As the graduation rates for children with disabilities continue to climb, providing effective

transition services to promote successful post-school employment or education is an important measure of accountability for children with disabilities.

(d) **Purposes**

The purposes of this chapter are –

(1)(A) to ensure that all children with disabilities have available to them a free appropriate public education that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living;

(B) to ensure that the rights of children with disabilities and parents of such children are protected; and

(C) to assist States, localities, educational service agencies, and Federal agencies to provide for the education of all children with disabilities;

(2) to assist States in the implementation of a statewide, comprehensive, coordinated, multidisciplinary, interagency system of early intervention services for infants and toddlers with disabilities and their families;

(3) to ensure that educators and parents have the necessary tools to improve educational results for children with disabilities by supporting system improvement activities; coordinated research and personnel preparation; coordinated technical assistance, dissemination, and support; and technology development and media services; and

(4) to assess, and ensure the effectiveness of, efforts to educate children with disabilities.

20 U.S.C.A. § 1401

§ 1401. Definitions

Except as otherwise provided in this chapter:

(1) Assistive technology device

(A) In general

The term "assistive technology device" means any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of a child with a disability.

(B) Exception

The term does not include a medical device that is surgically implanted, or the replacement of such device.

(2) Assistive technology service

The term "assistive technology service" means any service that directly assists a child with a disability in the selection, acquisition, or use of an assistive technology device. Such term includes –

(A) the evaluation of the needs of such child, including a functional evaluation of the child in the child's customary environment;

(B) purchasing, leasing, or otherwise providing for the acquisition of assistive technology devices by such child;

(C) selecting, designing, fitting, customizing, adapting, applying, maintaining, repairing, or replacing assistive technology devices;

(D) coordinating and using other therapies, interventions, or services with assistive technology devices, such as those associated with existing education and rehabilitation plans and programs;

(E) training or technical assistance for such child, or, where appropriate, the family of such child; and

(F) training or technical assistance for professionals (including individuals providing education and rehabilitation services), employers, or other individuals who provide services to, employ, or are otherwise substantially involved in the major life functions of such child.

(3) Child with a disability

(A) In general

The term "child with a disability" means a child–

(i) with intellectual disabilities, hearing impairments (including deafness), speech or language impairments, visual impairments (including blindness), serious emotional disturbance (referred to in this chapter as "emotional disturbance"), orthopedic impairments, autism, traumatic brain injury, her health impairments, or specific learning disabilities; and

(ii) who, by reason thereof, needs special education and related services.

(B) Child aged 3 through 9

The term "child with a disability" for a child aged 3 through 9 (or any subset of that age range, including ages 3 through 5), may, at the discretion of the State and the local educational agency, include a child–

(i) experiencing developmental delays, as defined by the State and as measured by appropriate diagnostic instruments and procedures, in 1 or more of the following areas: physical development; cognitive development; communication development; social or emotional development; or adaptive development; and

(ii) who, by reason thereof, needs special education and related services.

(4) Repealed. Pub.L. 114-95, Title IX, § 9215(ss)(1)(A), Dec. 10, 2015, 129 Stat. 2181

(5) Educational service agency

The term "educational service agency" –

(A) means a regional public multiservice agency–

(i) authorized by State law to develop, manage, and provide services or programs to local educational agencies; and

(ii) recognized as an administrative agency for purposes of the provision of special education and related services provided within public elementary schools and secondary schools of the State; and

(B) includes any other public institution or agency having administrative control and direction over a public elementary school or secondary school.

(6) Elementary school

The term "elementary school" means a nonprofit institutional day or residential school, including a public elementary charter school, that provides elementary education, as determined under State law.

(7) Equipment

The term "equipment" includes –

(A) machinery, utilities, and built-in equipment, and any necessary enclosures or structures to house such machinery, utilities, or equipment; and

(B) all other items necessary for the functioning of a particular facility as a facility for the provision of educational services, including items such as instructional equipment and necessary furniture; printed, published, and audiovisual instructional materials; telecommunications, sensory, and other technological aids and devices; and books, periodicals, documents, and other related materials.

(8) Excess costs

The term "excess costs" means those costs that are in excess of the average annual per-student expenditure in a local educational agency during the preceding school year for an elementary school or

secondary school student, as may be appropriate, and which shall be computed after deducting –

(A) amounts received –

(i) under subchapter II;

(ii) under part A of title I of the Elementary and Secondary Education Act of 1965 [20 U.S.C.A. § et seq.]; and

(iii) under part A of title III of that Act; and

(B) any State or local funds expended for programs that would qualify for assistance under any of those parts.

(9) Free appropriate public education

The term "free appropriate public education" means special education and related services that –

(A) have been provided at public expense, under public supervision and direction, and without charge;

(B) meet the standards of the State educational agency;

(C) include an appropriate preschool, elementary school, or secondary school education in the State involved; and

(D) are provided in conformity with the individualized education program required under section 1414(d) of this title.

(10) Repealed. Pub.L. 114-95, Title IX, § 9214(d)(1), Dec. 10, 2015, 129 Stat. 2164

(11) Homeless children

The term "homeless children" has the meaning given the term "homeless children and youths" in section 11434a of Title 42.

(12) Indian

The term "Indian" means an individual who is a member of an Indian tribe.

(13) Indian tribe

The term "Indian tribe" means any Federal or State Indian tribe, band, rancheria, pueblo, colony, or community, including any Alaska Native village or regional village corporation (as defined in or established under the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.)).

(14) Individualized education program; IEP

The term "individualized education program" or "IEP" means a written statement for each child with a disability that is developed, reviewed, and revised in accordance with section 1414(d) of this title.

(15) Individualized family service plan

The term "individualized family service plan" has the meaning given the term in section 1436 of this title.

(16) Infant or toddler with a disability

The term "infant or toddler with a disability" has the meaning given the term in section 1432 of this title.

(17) Institution of higher education

The term "institution of higher education" –

(A) has the meaning given the term in section 1001 of this title; and

(B) also includes any community college receiving funding from the Secretary of the Interior under the Tribally Controlled Colleges and Universities Assistance Act of 1978.

(18) Limited English proficient

The term "limited English proficient" has the meaning given the term "English learner" in section 8101 of the Elementary and Secondary Education Act of 1965.

(19) Local educational agency

(A) In general

The term "local educational agency" means a public board of education or other public authority legally constituted within a State for either administrative control or direction of, or to perform a service function for, public elementary schools or secondary schools in a city, county, township, school district, or other political subdivision of a State, or for such combination of school districts or counties as are recognized in a State as an administrative agency for its public elementary schools or secondary schools.

(B) Educational service agencies and other public institutions or agencies

This term includes –

(i) an educational service agency; and

(ii) any other public institution or agency having administrative control and direction

of a public elementary school or secondary school.

(C) BIA funded schools

The term includes an elementary school or secondary school funded by the Bureau of Indian Affairs, but only to the extent that such inclusion makes the school eligible for programs for which specific eligibility is not provided to the school in another provision of law and the school does not have a student population that is smaller than the student population of the local educational agency receiving assistance under his chapter with the smallest student population, except that the school shall not be subject to the jurisdiction of any State educational agency other than the Bureau of Indian Affairs.

(20) Native language

The term "native language", when used with respect to an individual who is limited English proficient, means the language normally used by the individual or, in the case of a child, the language normally used by the parents of the child.

(21) Nonprofit

The term "nonprofit", as applied to a school, agency, organization, or institution, means a school, agency, organization, or institution owned and operated by 1 or more nonprofit corporations or associations no part of the net earnings of which inures, or may lawfully inure, to the benefit of any private shareholder or individual.

(22) Outlying area

The term "outlying area" means the United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(23) Parent

The term "parent" means –

(A) a natural, adoptive, or foster parent of a child (unless a foster parent is prohibited by State law from serving as a parent);

(B) a guardian (but not the State if the child is a ward of the State);

(C) an individual acting in the place of a natural or adoptive parent (including a grandparent, stepparent, or other relative) with whom the child lives, or an individual who is legally responsible for the child's welfare; or

(D) except as used in sections 1415(b)(2) and 1439(a)(5) of this title, an individual assigned under either of those sections to be a surrogate parent.

(24) Parent organization

The term "parent organization" has the meaning given the term in section 1471(g) of this title.

(25) Parent training and information center

The term "parent training and information center" means a center assisted under section 1471 or 1472 of this title.

(26) Related services

(A) In general

The term "related services" means transportation, and such developmental,

corrective, and other supportive services (including speech-language pathology and audiology services, interpreting services, psychological services, physical and occupational therapy, recreation, including therapeutic recreation, social work services, school nurse services designed to enable a child with a disability to receive a free appropriate public education as described in the individualized education program of the child, counseling services, including rehabilitation counseling, orientation and mobility services, and medical services, except that such medical services shall be for diagnostic and evaluation purposes only) as may be required to assist a child with a disability to benefit from special education, and includes the early identification and assessment of disabling conditions in children.

(B) Exception

The term does not include a medical device that is surgically implanted, or the replacement of such device.

(27) Secondary school

The term "secondary school" means a nonprofit institutional day or residential school, including a public secondary charter school, that provides secondary education, as determined under State law, except that it does not include any education beyond grade 12.

(28) Secretary

The term "Secretary" means the Secretary of Education.

(29) Special education

The term "special education" means specially designed instruction, at no cost to parents, to meet the unique needs of a child with a disability, including –

(A) instruction conducted in the classroom, in the home, in hospitals and institutions, and in other settings; and

(B) instruction in physical education.

(30) Specific learning disability

(A) In general

The term "specific learning disability" means a disorder in 1 or more of the basic psychological processes involved in understanding or in using language, spoken or written, which disorder may manifest itself in the imperfect ability to listen, think, speak, read, write, spell, or do mathematical calculations.

(B) Disorders included

Such term includes such conditions as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and

developmental aphasia.

(C) Disorders not included

Such term does not include a learning problem that is primarily the result of visual, hearing, or motor disabilities, of intellectual disabilities,

of emotional disturbance, or of environmental, cultural, or economic disadvantage.

(31) State

The term "State" means each of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, and each of the outlying areas.

(32) State educational agency

The term "State educational agency" means the State board of education or other agency or officer primarily responsible for the State supervision of public elementary schools and secondary schools, or, if there is no such officer or agency, an officer or agency designated by the Governor or by State law.

(33) Supplementary aids and services

The term "supplementary aids and services" means aids, services, and other supports that are provided in regular education classes or other education-related settings to enable children with disabilities to be educated with nondisabled children to the maximum extent appropriate in accordance with section 1412(a)(5) of this title.

(34) Transition services

The term "transition services" means a coordinated set of activities for a child with a disability that –

(A) is designed to be within a results-oriented process, that is focused on improving the academic and functional achievement of the child with a disability to facilitate the child's movement from school to post-school activities, including post-secondary education, vocational education, integrated employment (including

supported employment), continuing and adult education, adult services, independent living, or community participation;

(B) is based on the individual child's needs, taking into account the child's strengths, preferences, and interests; and

(C) includes instruction, related services, community experiences, the development of employment and other post-school adult living objectives, and, when appropriate, acquisition of daily living skills and functional vocational evaluation.

(35) Universal design

The term "universal design" has the meaning given the term in section 3002 of Title 29.

(36) Ward of the State

(A) In general

The term "ward of the State" means a child who, as determined by the State where the child resides, is a foster child, is a ward of the State, or is in the custody of a public child welfare agency.

(B) Exception

The term does not include a foster child who has a foster parent who meets the definition of a parent in paragraph (23).

20 U.S.C.A. § 1412

§ 1412. State eligibility

(a) In general

A State is eligible for assistance under this subchapter for a fiscal year if the State submits a plan that provides assurances to the Secretary that the State has in effect policies and procedures to ensure that the State meets each of the following conditions:

(1) Free appropriate public education

(A) In general

A free appropriate public education is available to all children with disabilities residing in the State between the ages of 3 and 21, inclusive, including children with disabilities who have been suspended or expelled from school.

(B) Limitation

The obligation to make a free appropriate public education available to all children with disabilities does not apply with respect to children –

(i) aged 3 through 5 and 18 through 21 in a State to the extent that its application to those children would be inconsistent with State law or practice, or the order of any court, respecting the provision of public education to children in those age ranges; and

(ii) aged 18 through 21 to the extent that State law does not require that special education and related services under this subchapter be provided to children with

disabilities who, in the educational placement prior to their incarceration in an adult correctional facility –

(I) were not actually identified as being a child with a disability under section 1401 of this title; or

(II) did not have an individualized education program under this subchapter.

(C) State flexibility

A State that provides early intervention services in accordance with subchapter III to a child who is eligible for services under section 1419 of this title, is not required to provide such child with a free appropriate public education.

(2) Full educational opportunity goal

The State has established a goal of providing full educational opportunity to all children with disabilities and a detailed timetable for accomplishing that goal.

(3) Child find

(A) In general

All children with disabilities residing in the State, including children with disabilities who are homeless children or are wards of the State and children with disabilities attending private schools, regardless of the severity of their disabilities, and who are in need of special education and related services, are identified, located, and evaluated and a practical method is developed and implemented to determine

which children with disabilities are currently receiving needed special education and related services.

(B) Construction

Nothing in this chapter requires that children be classified by their disability so long as each child who has a disability listed in section 1401 of this title and who, by reason of that disability, needs special education and related services is regarded as a child with a disability under this subchapter.

(4) Individualized education program

An individualized education program, or an individualized family service plan that meets the requirements of section 1436(d) of this title, is developed, reviewed, and revised for each child with a disability in accordance with section 1414(d) of this title.

(5) Least restrictive environment

(A) In general

To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are not disabled, and special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability of a child is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

(B) Additional requirement

(i) In general

A State funding mechanism shall not result in placements that violate the requirements of subparagraph (A), and a State shall not use a funding mechanism by which the State distributes funds on the basis of the type of setting in which a child is served that will result in the failure to provide a child with a disability a free appropriate public education according to the unique needs of the child as described in the child's IEP.

(ii) Assurance

If the State does not have policies and procedures to ensure compliance with clause (i), the State shall provide the Secretary an assurance that the State will revise the funding mechanism as soon as feasible to ensure that such mechanism does not result in such placements.

(6) Procedural safeguards

(A) In general

Children with disabilities and their parents are afforded the procedural safeguards required by section 1415 of this title.

(B) Additional procedural safeguards

Procedures to ensure that testing and evaluation materials and procedures utilized for the purposes of evaluation and placement of children with disabilities for services under this chapter will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures

shall be provided and administered in the child's native language or mode of communication, unless it clearly is not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child.

(7) Evaluation

Children with disabilities are evaluated in accordance with subsections (a) through (c) of section 1414 of this title.

(8) Confidentiality

Agencies in the State comply with section 1417(c) of this title (relating to the confidentiality of records and information).

(9) Transition from subchapter III to preschool programs

Children participating in early intervention programs assisted under subchapter III, and who will participate in preschool programs assisted under this subchapter, experience a smooth and effective transition to those preschool programs in a manner consistent with section 1437(a)(9) of this title. By the third birthday of such a child, an individualized education program or, if consistent with sections 1414(d)(2)(B) and 1436(d) of this title, an individualized family service plan, has been developed and is being implemented for the child. The local educational agency will participate in transition planning conferences arranged by the designated lead agency under section 1435(a) (10) of this title.

(10) Children in private schools

(A) Children enrolled in private schools by their parents

(i) In general

To the extent consistent with the number and location of children with disabilities in the State who are enrolled by their parents in private elementary schools and secondary schools in the school district served by a local educational agency, provision is made for the participation of those children in the program assisted or carried out under this subchapter by providing for such children special education and related services in accordance with the following requirements, unless the Secretary has arranged for services to those children under subsection (f):

(I) Amounts to be expended for the provision of those services (including direct services to parentally placed private school children) by the local educational agency shall be equal to a proportionate amount of Federal funds made available under this subchapter.

(II) In calculating the proportionate amount of Federal funds, the local educational agency, after timely and meaningful consultation with representatives of private schools as described in clause (iii), shall conduct a thorough and complete child find process to determine the number of parentally

placed children with disabilities attending private schools located in the local educational agency.

(III) Such services to parentally placed private school children with disabilities may be provided to the children on the premises of private, including religious, schools, to the extent consistent with law.

(IV) State and local funds may supplement and in no case shall supplant the proportionate amount of Federal funds required to be expended under this subparagraph.

(V) Each local educational agency shall maintain in its records and provide to the State educational agency the number of children evaluated under this subparagraph, the number of children determined to be children with disabilities under this paragraph, and the number of children served under this paragraph.

(ii) Child find requirement

(I) In general

The requirements of paragraph (3) (relating to child find) shall apply with respect to children with disabilities in the State who are enrolled in private, including religious, elementary schools and secondary schools.

(II) Equitable participation

The child find process shall be designed to ensure the equitable participation of

parentally placed private school children with disabilities and an accurate count of such children.

(III) Activities

In carrying out this clause, the local educational agency, or where applicable, the State educational agency, shall undertake activities similar to those activities undertaken for the agency's public school children.

(IV) Cost

The cost of carrying out this clause, including individual evaluations, may not be considered in determining whether a local educational agency has met its obligations under clause (i).

(V) Completion period

Such child find process shall be completed in a time period comparable to that for other students attending public schools in the local educational agency.

(iii) Consultation

To ensure timely and meaningful consultation, a local educational agency, or where appropriate, a State educational agency, shall consult with private school representatives and representatives of parents of parentally placed private school children with disabilities during the design and development of special education and related services for the children, including regarding –

(I) the child find process and how parentally placed private school children suspected of having a disability can participate equitably, including how parents, teachers, and private school officials will be informed of the process;

(II) the determination of the proportionate amount of Federal funds available to serve parentally placed private school children with disabilities under this subparagraph, including the determination of how the amount was calculated;

(III) the consultation process among the local educational agency, private school officials, and representatives of parents of parentally placed private school children with disabilities, including how such process will operate throughout the school year to ensure that parentally placed private school children with disabilities identified through the child find process can meaningfully participate in special education and related services;

(IV) how, where, and by whom special education and related services will be provided for parentally placed private school children with disabilities, including a discussion of types of services, including direct services and alternate service delivery mechanisms, how such services will be apportioned if funds are insufficient to serve all children, and how

and when these decisions will be made; and

(V) how, if the local educational agency disagrees with the views of the private school officials on the provision of services or the types of services, whether provided directly or through a contract, the local educational agency shall provide to the private school officials a written explanation of the reasons why the local educational agency chose not to provide services directly or through a contract.

(iv) Written affirmation

When timely and meaningful consultation as required by clause (iii) has occurred, the local educational agency shall obtain a written affirmation signed by the representatives of participating private schools, and if such representatives do not provide such affirmation within a reasonable period of time, the local educational agency shall forward the documentation of the consultation process to the State educational agency.

(v) Compliance

(I) In general

A private school official shall have the right to submit a complaint to the State educational agency that the local educational agency did not engage in consultation that was meaningful and

timely, or did not give due consideration to the views of the private school official.

(II) Procedure

If the private school official wishes to submit a complaint, the official shall provide the basis of the noncompliance with this subparagraph by the local educational agency to the State educational agency, and the local educational agency shall forward the appropriate documentation to the State educational agency. If the private school official is dissatisfied with the decision of the State educational agency, such official may submit a complaint to the Secretary by providing the basis of the noncompliance with this subparagraph by the local educational agency to the Secretary, and the State educational agency shall forward the appropriate documentation to the Secretary.

(vi) Provision of equitable services

(I) Directly or through contracts

The provision of services pursuant to this subparagraph shall be provided –

(aa) by employees of a public agency; or

(bb) through contract by the public agency with an individual, association, agency, organization, or other entity.

(II) Secular, neutral, nonideological

Special education and related services provided to parentally placed private school children with disabilities, including materials and equipment, shall be secular, neutral, and nonideological.

(vii) Public control of funds

The control of funds used to provide special education and related services under this subparagraph, and title to materials, equipment, and property purchased with those funds, shall be in a public agency for the uses and purposes provided in this chapter, and a public agency shall administer the funds and property.

(B) Children placed in, or referred to, private schools by public agencies

(i) In general

Children with disabilities in private schools and facilities are provided special education and related services, in accordance with an individualized education program, at no cost to their parents, if such children are placed in, or referred to, such schools or facilities by the State or appropriate local educational agency as the means of carrying out the requirements of this subchapter or any other applicable law requiring the provision of special education and related services to all children with disabilities within such State.

(ii) Standards

In all cases described in clause (i), the State educational agency shall determine whether

such schools and facilities meet standards that apply to State educational agencies and local educational agencies and that children so served have all the rights the children would have if served by such agencies.

(C) Payment for education of children enrolled in private schools without consent of or referral by the public agency

(i) In general

Subject to subparagraph (A), this subchapter does not require a local educational agency to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if that agency made a free appropriate public education available to the child and the parents elected to place the child in such private school or facility.

(ii) Reimbursement for private school placement

If the parents of a child with a disability, who previously received special education and related services under the authority of a public agency, enroll the child in a private elementary school or secondary school without the consent of or referral by the public agency, a court or a hearing officer may require the agency to reimburse the parents for the cost of that enrollment if the court or hearing officer finds that the agency had not made a free appropriate public education available to the child in a timely manner prior to that enrollment.

(iii) Limitation on reimbursement

The cost of reimbursement described in clause (ii) may be reduced or denied –

(I) if –

(aa) at the most recent IEP meeting that the parents attended prior to removal of the child from the public school, the parents did not inform the IEP Team that they were rejecting the placement proposed by the public agency to provide a free appropriate public education to their child, including stating their concerns and their intent to enroll their child in a private school at public expense; or

(bb) 10 business days (including any holidays that occur on a business day) prior to the removal of the child from the public school, the parents did not give written notice to the public agency of the information described in item (aa);

(II) if, prior to the parents' removal of the child from the public school, the public agency informed the parents, through the notice requirements described in section 1415(b)(3) of this title, of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the child available for such evaluation; or

(III) upon a judicial finding of unreasonableness with respect to actions taken by the parents.

(iv) Exception

Notwithstanding the notice requirement in clause (iii)(I), the cost of reimbursement –

(I) shall not be reduced or denied for failure to provide such notice if –

(aa) the school prevented the parent from providing such notice;

(bb) the parents had not received notice, pursuant to section 1415 of this title, of the notice requirement in clause (iii)(I); or

(cc) compliance with clause (iii)(I) would likely result in physical harm to the child; and

(II) may, in the discretion of a court or a hearing officer, not be reduced or denied for failure to provide such notice if –

(aa) the parent is illiterate or cannot write in English; or

(bb) compliance with clause (iii)(I) would likely result in serious emotional harm to the child.

(11) State educational agency responsible for general supervision

(A) In general

The State educational agency is responsible for ensuring that –

(i) the requirements of this subchapter are met;

(ii) all educational programs for children with disabilities in the State, including all such programs administered by any other State agency or local agency –

(I) are under the general supervision of individuals in the State who are responsible for educational programs for children with disabilities; and

(II) meet the educational standards of the State educational agency; and

(iii) in carrying out this subchapter with respect to homeless children, the requirements of subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.) are met.

(B) Limitation

Subparagraph (A) shall not limit the responsibility of agencies in the State other than the State educational agency to provide, or pay for some or all of the costs of, a free appropriate public education for any child with a disability in the State.

(C) Exception

Notwithstanding subparagraphs (A) and (B), the Governor (or another individual pursuant to State law), consistent with State law, may assign to any public agency in the State the responsibility of ensuring that the requirements of this subchapter are met with respect to children with disabilities who are

convicted as adults under State law and incarcerated in adult prisons.

(12) Obligations related to and methods of ensuring services

(A) Establishing responsibility for services

The Chief Executive Officer of a State or designee of the officer shall ensure that an interagency agreement or other mechanism for interagency coordination is in effect between each public agency described in subparagraph (B) and the State educational agency, in order to ensure that all services described in subparagraph (B)(i) that are needed to ensure a free appropriate public education are provided, including the provision of such services during the pendency of any dispute under clause (iii). Such agreement or mechanism shall include the following:

(i) Agency financial responsibility

An identification of, or a method for defining, the financial responsibility of each agency for providing services described in subparagraph (B)(i) to ensure a free appropriate public education to children with disabilities, provided that the financial responsibility of each public agency described in subparagraph (B), including the State medicaid agency and other public insurers of children with disabilities, shall precede the financial responsibility of the local educational agency (or the State agency responsible for developing the child's IEP).

(ii) Conditions and terms of reimbursement

The conditions, terms, and procedures under which a local educational agency shall be reimbursed by other agencies.

(iii) Interagency disputes

Procedures for resolving interagency disputes (including procedures under which local educational agencies may initiate proceedings) under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.

(iv) Coordination of services procedures

Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely and appropriate delivery of services described in subparagraph (B)(i).

(B) Obligation of public agency

(i) In general

If any public agency other than an educational agency is otherwise obligated under Federal or State law, or assigned responsibility under State policy pursuant to subparagraph (A), to provide or pay for any services that are also considered special education or related services (such as, but not limited to, services described in section 1401(1) relating to assistive technology devices, 1401(2) relating to assistive

technology services, 1401(26) relating to related services, 1401(33) relating to supplementary aids and services, and 1401(34) relating to transition services) that are necessary for ensuring a free appropriate public education to children with disabilities within the State, such public agency shall fulfill that obligation or responsibility, either directly or through contract or other arrangement pursuant to subparagraph (A) or an agreement pursuant to subparagraph (C).

(ii) Reimbursement for services by public agency

If a public agency other than an educational agency fails to provide or pay for the special education and related services described in clause (i), the local educational agency (or State agency responsible for developing the child's IEP) shall provide or pay for such services to the child. Such local educational agency or State agency is authorized to claim reimbursement for the services from the public agency that failed to provide or pay for such services and such public agency shall reimburse the local educational agency or State agency pursuant to the terms of the interagency agreement or other mechanism described in subparagraph (A)(i) according to the procedures established in such agreement pursuant to subparagraph (A)(ii).

(C) Special rule

The requirements of subparagraph (A) may be met through –

(i) State statute or regulation;

(ii) signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or

(iii) other appropriate written methods as determined by the Chief Executive Officer of the State or designee of the officer and approved by the Secretary.

(13) Procedural requirements relating to local educational agency eligibility

The State educational agency will not make a final determination that a local educational agency is not eligible for assistance under this subchapter without first affording that agency reasonable notice and an opportunity for a hearing.

(14) Personnel qualifications

(A) In general

The State educational agency has established and maintains qualifications to ensure that personnel necessary to carry out this subchapter are appropriately and adequately prepared and trained, including that those personnel have the content knowledge and skills to serve children with disabilities.

(B) Related services personnel and paraprofessionals

The qualifications under subparagraph (A) include qualifications for related services personnel and paraprofessionals that –

(i) are consistent with any State-approved or State-recognized certification, licensing, registration, or other comparable requirements that apply to the professional discipline in which those personnel are providing special education or related services;

(ii) ensure that related services personnel who deliver services in their discipline or profession meet the requirements of clause (i) and have not had certification or licensure requirements waived on an emergency, temporary, or provisional basis; and

(iii) allow paraprofessionals and assistants who are appropriately trained and supervised, in accordance with State law, regulation, or written policy, in meeting the requirements of this subchapter to be used to assist in the provision of special education and related services under this subchapter to children with disabilities.

(C) Qualifications for special education teachers

The qualifications described in subparagraph (A) shall ensure that each person employed as a special education teacher in the State who teaches elementary school, middle school, or secondary school –

(i) has obtained full State certification as a special education teacher (including participating in an alternate route to certification as a special educator, if such alternate route meets minimum requirements described in section 2005.56(a)(2)(ii) of title 34, Code of Federal Regulations, as such section was in effect on November 28, 2008), or passed the State special education teacher licensing examination, and holds a license to teach in the State as a special education teacher, except with respect to any teacher teaching in a public charter school who shall meet the requirements set forth in the State's public charter school law;

(ii) has not had special education certification or licensure requirements waived on an emergency, temporary, or provisional basis; and

(iii) holds at least a bachelor's degree.

(D) Policy

In implementing this section, a State shall adopt a policy that includes a requirement that local educational agencies in the State take measurable steps to recruit, hire, train, and retain personnel who meet the applicable requirements described in this paragraph to provide special education and related services under this subchapter to children with disabilities.

(E) Rule of construction

Notwithstanding any other individual right of action that a parent or student may maintain under this subchapter, nothing in this paragraph shall be construed to create a right of action on behalf of an individual student for the failure of a particular State educational agency or local educational agency staff person to meet the applicable requirements described in this paragraph, or to prevent a parent from filing a complaint about staff qualifications with the State educational agency as provided for under this subchapter.

(15) Performance goals and indicators

The State –

(A) has established goals for the performance of children with disabilities in the State that –

(i) promote the purposes of this chapter, as stated in section 1400(d) of this title;

(ii) are the same as the State's long-term goals and measurements of interim progress for children with disabilities under section 6311(c)(4)(A)(i) of this title;

(iii) address graduation rates and dropout rates, as well as such other factors as the State may determine; and

(iv) are consistent, to the extent appropriate, with any other goals and standards for children established by the State;

(B) has established performance indicators the State will use to assess progress toward

achieving the goals described in subparagraph (A), including measurements of interim progress for children with disabilities under section 6311(c) (4)(A)(i) of this title; and

(C) will annually report to the Secretary and the public on the progress of the State, and of children with disabilities in the State, toward meeting the goals established under subparagraph (A), which may include elements of the reports required under section 6311(h) of this title.

(16) Participation in assessments

(A) In general

All children with disabilities are included in all general State and districtwide assessment programs, including assessments described under section 6311 of this title, with appropriate accommodations and alternate assessments where necessary and as indicated in their respective individualized education programs.

(B) Accommodation guidelines

The State (or, in the case of a districtwide assessment, the local educational agency) has developed guidelines for the provision of appropriate accommodations.

(C) Alternate assessments

(i) In general

The State (or, in the case of a districtwide assessment, the local educational agency) has developed and implemented guidelines

for the participation of children with disabilities in alternate assessments for those children who cannot participate in regular assessments under subparagraph (A) with accommodations as indicated in their respective individualized education programs.

(ii) Requirements for alternate assessments

The guidelines under clause (i) shall provide for alternate assessments that –

(I) are aligned with the challenging State academic content standards under section 6311(b)(1) of this title and alternate academic achievement standards under section 6311(b)(1)(E) of this title; and

(II) if the State has adopted alternate academic achievement standards permitted under section 6311(b)(1)(E) of this title, measure the achievement of children with disabilities against those standards.

(iii) Conduct of alternate assessments

The State conducts the alternate assessments described in this subparagraph.

(D) Reports

The State educational agency (or, in the case of a districtwide assessment, the local educational agency) makes available to the public, and reports to the public with the same frequency and in the same detail as it reports

on the assessment of nondisabled children, the following:

(i) The number of children with disabilities participating in regular assessments, and the number of those children who were provided accommodations in order to participate in those assessments.

(ii) The number of children with disabilities participating in alternate assessments described in subparagraph (C) (ii)(I).

(iii) The number of children with disabilities participating in alternate assessments described in subparagraph (C) (ii)(II).

(iv) The performance of children with disabilities on regular assessments and on alternate assessments (if the number of children with disabilities participating in those assessments is sufficient to yield statistically reliable information and reporting that information will not reveal personally identifiable information about an individual student), compared with the achievement of all children, including children with disabilities, on those assessments.

(E) Universal design

The State educational agency (or, in the case of a districtwide assessment, the local educational agency) shall, to the extent feasible, use universal design principles in developing and administering any assessments under this paragraph.

(17) Supplementation of State, local, and other Federal funds

(A) Expenditures

Funds paid to a State under this subchapter will be expended in accordance with all the provisions of this subchapter.

(B) Prohibition against commingling

Funds paid to a State under this subchapter will not be commingled with State funds.

(C) Prohibition against supplantation and conditions for waiver by Secretary

Except as provided in section 1413 of this title, funds paid to a State under this subchapter will be used to supplement the level of Federal, State, and local funds (including funds that are not under the direct control of State or local educational agencies) expended for special education and related services provided to children with disabilities under this subchapter and in no case to supplant such Federal, State, and local funds, except that, where the State provides clear and convincing evidence that all children with disabilities have available to them a free appropriate public education, the Secretary may waive, in whole or in part, the requirements of this subparagraph if the Secretary concurs with the evidence provided by the State.

(18) Maintenance of State financial support

(A) In general

The State does not reduce the amount of State financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year.

(B) Reduction of funds for failure to maintain support

The Secretary shall reduce the allocation of funds under section 1411 of this title for any fiscal year following the fiscal year in which the State fails to comply with the requirement of subparagraph (A) by the same amount by which the State fails to meet the requirement.

(C) Waivers for exceptional or uncontrollable circumstances

The Secretary may waive the requirement of subparagraph (A) for a State, for 1 fiscal year at a time, if the Secretary determines that –

(i) granting a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State; or

(ii) the State meets the standard in paragraph (17)(C) for a waiver of the requirement to supplement, and not to supplant, funds received under this subchapter.

(D) Subsequent years

If, for any year, a State fails to meet the requirement of subparagraph (A), including any year for which the State is granted a waiver under subparagraph (C), the financial support required of the State in future years under subparagraph (A) shall be the amount that would have been required in the absence of that failure and not the reduced level of the State's support.

(19) Public participation

Prior to the adoption of any policies and procedures needed to comply with this section (including any amendments to such policies and procedures), the State ensures that there are public hearings, adequate notice of the hearings, and an opportunity for comment available to the general public, including individuals with disabilities and parents of children with disabilities.

(20) Rule of construction

In complying with paragraphs (17) and (18), a State may not use funds paid to it under this subchapter to satisfy State-law mandated funding obligations to local educational agencies, including funding based on student attendance or enrollment, or inflation.

(21) State advisory panel

(A) In general

The State has established and maintains an advisory panel for the purpose of providing policy guidance with respect to special education and related services for children with disabilities in the State.

(B) Membership

Such advisory panel shall consist of members appointed by the Governor, or any other official authorized under State law to make such appointments, be representative of the State population, and be composed of individuals involved in, or concerned with, the education of children with disabilities, including –

(i) parents of children with disabilities (ages birth through 26);

(ii) individuals with disabilities;

(iii) teachers;

(iv) representatives of institutions of higher education that prepare special education and related services personnel;

(v) State and local education officials, including officials who carry out activities under subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.);

(vi) administrators of programs for children with disabilities;

(vii) representatives of other State agencies involved in the financing or delivery of related services to children with disabilities;

(viii) representatives of private schools and public charter schools;

(ix) not less than 1 representative of a vocational, community, or business organization concerned with the provision of transition services to children with disabilities;

(x) a representative from the State child welfare agency responsible for foster care; and

(xi) representatives from the State juvenile and adult corrections agencies.

(C) Special rule

A majority of the members of the panel shall be individuals with disabilities or parents of children with disabilities (ages birth through 26).

(D) Duties

The advisory panel shall –

(i) advise the State educational agency of unmet needs within the State in the education of children with disabilities;

(ii) comment publicly on any rules or regulations proposed by the State regarding the education of children with disabilities;

(iii) advise the State educational agency in developing evaluations and reporting on data to the Secretary under section 1418 of this title;

(iv) advise the State educational agency in developing corrective action plans to address findings identified in Federal monitoring reports under this subchapter; and

(v) advise the State educational agency in developing and implementing policies relating to the coordination of services for children with disabilities.

(22) Suspension and expulsion rates

(A) In general

The State educational agency examines data, including data disaggregated by race and ethnicity, to determine if significant discrepancies are occurring in the rate of long-term suspensions and expulsions of children with disabilities –

(i) among local educational agencies in the State; or

(ii) compared to such rates for nondisabled children within such agencies.

(B) Review and revision of policies

If such discrepancies are occurring, the State educational agency reviews and, if appropriate, revises (or requires the affected State or local educational agency to revise) its policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards, to ensure that such policies, procedures, and practices comply with this chapter.

(23) Access to instructional materials

(A) In general

The State adopts the National Instructional Materials Accessibility Standard for the purposes of providing instructional materials to blind persons or other persons with print disabilities, in a timely manner after the publication of the National Instructional

Materials Accessibility Standard in the Federal Register.

(B) Rights of State educational agency

Nothing in this paragraph shall be construed to require any State educational agency to coordinate with the National Instructional Materials Access Center. If a State educational agency chooses not to coordinate with the National Instructional Materials Access Center, such agency shall provide an assurance to the Secretary that the agency will provide instructional materials to blind persons or other persons with print disabilities in a timely manner.

(C) Preparation and delivery of files

If a State educational agency chooses to coordinate with the National Instructional Materials Access Center, not later than 2 years after December 3, 2004, the agency, as part of any print instructional materials adoption process, procurement contract, or other practice or instrument used for purchase of print instructional materials, shall enter into a written contract with the publisher of the print instructional materials to –

(i) require the publisher to prepare and, on or before delivery of the print instructional materials, provide to the National Instructional Materials Access Center electronic files containing the contents of the print instructional materials using the National Instructional Materials Accessibility Standard; or

(ii) purchase instructional materials from the publisher that are produced in, or may be rendered in, specialized formats.

(D) Assistive technology

In carrying out this paragraph, the State educational agency, to the maximum extent possible, shall work collaboratively with the State agency responsible for assistive technology programs.

(E) Definitions

In this paragraph:

(i) National Instructional Materials Access Center

The term "National Instructional Materials Access Center" means the center established pursuant to section 1474(e) of this title.

(ii) National Instructional Materials Accessibility Standard

The term "National Instructional Materials Accessibility Standard" has the meaning given the term in section 1474(e)(3)(A) of this title.

(iii) Specialized formats

The term "specialized formats" has the meaning given the term in section 1474(e)(3)(D) of this title.

(24) Overidentification and disproportionality

The State has in effect, consistent with the purposes of this chapter and with section 1418(d) of this title, policies and procedures designed to prevent the

inappropriate overidentification or disproportionate representation by race and ethnicity of children as children with disabilities, including children with disabilities with a particular impairment described in section 1401 of this title.

(25) Prohibition on mandatory medication

(A) In general

The State educational agency shall prohibit State and local educational agency personnel from requiring a child to obtain a prescription for a substance covered by the Controlled Substances Act (21 U.S.C. 801 et seq.) as a condition of attending school, receiving an evaluation under subsection (a) or (c) of section 1414 of this title, or receiving services under this chapter.

(B) Rule of construction

Nothing in subparagraph (A) shall be construed to create a Federal prohibition against teachers and other school personnel consulting or sharing classroom-based observations with parents or guardians regarding a student's academic and functional performance, or behavior in the classroom or school, or regarding the need for evaluation for special education or related services under paragraph (3).

(b) State educational agency as provider of free appropriate public education or direct services

If the State educational agency provides free appropriate public education to children with

disabilities, or provides direct services to such children, such agency –

(1) shall comply with any additional requirements of section 1413(a) of this title, as if such agency were a local educational agency; and

(2) may use amounts that are otherwise available to such agency under this subchapter to serve those children without regard to section 1413(a)(2)(A)(i) of this title (relating to excess costs).

(c) Exception for prior State plans

(1) In general

If a State has on file with the Secretary policies and procedures that demonstrate that such State meets any requirement of subsection (a), including any policies and procedures filed under this subchapter as in effect before the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the Secretary shall consider such State to have met such requirement for purposes of receiving a grant under this subchapter.

(2) Modifications made by State

Subject to paragraph (3), an application submitted by a State in accordance with this section shall remain in effect until the State submits to the Secretary such modifications as the State determines necessary. This section shall apply to a modification to an application to the same extent and in the same manner as this section applies to the original plan.

(3) Modifications required by the Secretary

If, after the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the provisions of this chapter are amended (or the regulations developed to carry out this chapter are amended), there is a new interpretation of this chapter by a Federal court or a State's highest court, or there is an official finding of noncompliance with Federal law or regulations, then the Secretary may require a State to modify its application only to the extent necessary to ensure the State's compliance with this subchapter.

(d) Approval by the Secretary

(1) In general

If the Secretary determines that a State is eligible to receive a grant under this subchapter, the Secretary shall notify the State of that determination.

(2) Notice and hearing

The Secretary shall not make a final determination that a State is not eligible to receive a grant under this subchapter until after providing the State –

(A) with reasonable notice; and

(B) with an opportunity for a hearing.

(e) Assistance under other Federal programs

Nothing in this chapter permits a State to reduce medical and other assistance available, or to alter eligibility, under titles V and XIX of the Social Security Act [42 U.S.C.A. §§ 701 et seq., 1396 et seq.] with respect to the provision of a free appropriate public education for children with disabilities in the State.

(f) By-pass for children in private schools

(1) In general

If, on December 2, 1983, a State educational agency was prohibited by law from providing for the equitable participation in special programs of children with disabilities enrolled in private elementary schools and secondary schools as required by subsection (a)(10)(A), or if the Secretary determines that a State educational agency, local educational agency, or other entity has substantially failed or is unwilling to provide for such equitable participation, then the Secretary shall, notwithstanding such provision of law, arrange for the provision of services to such children through arrangements that shall be subject to the requirements of such subsection.

(2) Payments

(A) Determination of amounts

If the Secretary arranges for services pursuant to this subsection, the Secretary, after consultation with the appropriate public and private school officials, shall pay to the provider of such services for a fiscal year an amount per child that does not exceed the amount determined by dividing –

(i) the total amount received by the State under this subchapter for such fiscal year; by

(ii) the number of children with disabilities served in the prior year, as reported to the Secretary by the State under section 1418 of this title.

(B) Withholding of certain amounts

Pending final resolution of any investigation or complaint that may result in a determination under this subsection, the Secretary may withhold from the allocation of the affected State educational agency the amount the Secretary estimates will be necessary to pay the cost of services described in subparagraph (A).

(C) Period of payments

The period under which payments are made under subparagraph (A) shall continue until the Secretary determines that there will no longer be any failure or inability on the part of the State educational agency to meet the requirements of subsection (a)(10)(A).

(3) Notice and hearing

(A) In general

The Secretary shall not take any final action under this subsection until the State educational agency affected by such action has had an opportunity, for not less than 45 days after receiving written notice thereof, to submit written objections and to appear before the Secretary or the Secretary's designee to show cause why such action should not be taken.

(B) Review of action

If a State educational agency is dissatisfied with the Secretary's final action after a proceeding under subparagraph (A), such agency may, not later than 60 days after notice of such action, file with the United States court

of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary based the Secretary's action, as provided in section 2112 of Title 28.

(C) Review of findings of fact

The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify the Secretary's previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(D) Jurisdiction of court of appeals; review by United States Supreme Court

Upon the filing of a petition under subparagraph (B), the United States court of appeals shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of Title 28.

20 U.S.C.A. § 1414

§ 1414. Evaluations, eligibility determinations, individualized education programs, and educational placements

(a) Evaluations, parental consent, and reevaluations

(1) Initial evaluations

(A) In general

A State educational agency, other State agency, or local educational agency shall conduct a full and individual initial evaluation in accordance with this paragraph and subsection (b), before the initial provision of special education and related services to a child with a disability under this subchapter.

(B) Request for initial evaluation

Consistent with subparagraph (D), either a parent of a child, or a State educational agency, other State agency, or local educational agency may initiate a request for an initial evaluation to determine if the child is a child with a disability.

(C) Procedures

(i) In general

Such initial evaluation shall consist of procedures –

(I) to determine whether a child is a child with a disability (as defined in section 1401 of this title) within 60 days of receiving parental consent for the evaluation, or, if the State establishes a

timeframe within which the evaluation must be conducted, within such timeframe; and

(II) to determine the educational needs of such child.

(ii) **Exception**

The relevant timeframe in clause (i)(I) shall not apply to a local educational agency if –

(I) a child enrolls in a school served by the local educational agency after the relevant timeframe in clause (i)(I) has begun and prior to a determination by the child's previous local educational agency as to whether the child is a child with a disability (as defined in section 1401 of this title), but only if the subsequent local educational agency is making sufficient progress to ensure a prompt completion of the evaluation, and the parent and subsequent local educational agency agree to a specific time when the evaluation will be completed; or

(II) the parent of a child repeatedly fails or refuses to produce the child for the evaluation.

(D) **Parental consent**

(i) **In general**

(I) **Consent for initial evaluation**

The agency proposing to conduct an initial evaluation to determine if the child qualifies as a child with a disability as

defined in section 1401 of this title shall obtain informed consent from the parent of such child before conducting the evaluation. Parental consent for evaluation shall not be construed as consent for placement for receipt of special education and related services.

(II) Consent for services

An agency that is responsible for making a free appropriate public education available to a child with a disability under this subchapter shall seek to obtain informed consent from the parent of such child before providing special education and related services to the child.

(ii) **Absence of consent**

(I) For initial evaluation

If the parent of such child does not provide consent for an initial evaluation under clause (i)(I), or the parent fails to respond to a request to provide the consent, the local educational agency may pursue the initial evaluation of the child by utilizing the procedures described in section 1415 of this title, except to the extent inconsistent with State law relating to such parental consent.

(II) For services

If the parent of such child refuses to consent to services under clause (i)(II), the local educational agency shall not provide special education and related services to

the child by utilizing the procedures described in section 1415 of this title.

(III) Effect on agency obligations

If the parent of such child refuses to consent to the receipt of special education and related services, or the parent fails to respond to a request to provide such consent –

(aa) the local educational agency shall not be considered to be in violation of the requirement to make available a free appropriate public education to the child for the failure to provide such child with the special education and related services for which the local educational agency requests such consent; and

(bb) the local educational agency shall not be required to convene an IEP meeting or develop an IEP under this section for the child for the special education and related services for which the local educational agency requests such consent.

(iii) Consent for wards of the State

(I) In general

If the child is a ward of the State and is not residing with the child's parent, the agency shall make reasonable efforts to obtain the informed consent from the parent (as defined in section 1401 of this title) of the child for an initial evaluation

to determine whether the child is a child with a disability.

(II) Exception

The agency shall not be required to obtain informed consent from the parent of a child for an initial evaluation to determine whether the child is a child with a disability if –

(aa) despite reasonable efforts to do so, the agency cannot discover the whereabouts of the parent of the child;

(bb) the rights of the parents of the child have been terminated in accordance with State law; or

(cc) the rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.

(E) Rule of construction

The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services.

(2) Reevaluations

(A) In general

A local educational agency shall ensure that a reevaluation of each child with a disability is conducted in accordance with subsections (b) and (c) –

(i) if the local educational agency determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or

(ii) if the child's parents or teacher requests a reevaluation.

(B) Limitation

A reevaluation conducted under subparagraph (A) shall occur –

(i) not more frequently than once a year, unless the parent and the local educational agency agree otherwise; and

(ii) at least once every 3 years, unless the parent and the local educational agency agree that a reevaluation is unnecessary.

(b) Evaluation procedures

(1) Notice

The local educational agency shall provide notice to the parents of a child with a disability, in accordance with subsections (b)(3), (b)(4), and (c) of section 1415 of this title, that describes any evaluation procedures such agency proposes to conduct.

(2) Conduct of evaluation

In conducting the evaluation, the local educational agency shall –

(A) use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information, including information provided by the parent, that may assist in determining –

(i) whether the child is a child with a disability; and

(ii) the content of the child's individualized education program, including information related to enabling the child to be involved in and progress in the general education curriculum, or, for preschool children, to participate in appropriate activities;

(B) not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability or determining an appropriate educational program for the child; and

(C) use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

(3) Additional requirements

Each local educational agency shall ensure that –

(A) assessments and other evaluation materials used to assess a child under this section –

(i) are selected and administered so as not to be discriminatory on a racial or cultural basis;

(ii) are provided and administered in the language and form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is not feasible to so provide or administer;

(iii) are used for purposes for which the assessments or measures are valid and reliable;

(iv) are administered by trained and knowledgeable personnel; and

(v) are administered in accordance with any instructions provided by the producer of such assessments;

(B) the child is assessed in all areas of suspected disability;

(C) assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are provided; and

(D) assessments of children with disabilities who transfer from 1 school district to another school district in the same academic year are coordinated with such children's prior and subsequent schools, as necessary and as expeditiously as possible, to ensure prompt completion of full evaluations.

(4) Determination of eligibility and educational need

Upon completion of the administration of assessments and other evaluation measures –

(A) the determination of whether the child is a child with a disability as defined in section 1401(3) of this title and the educational needs of the child shall be made by a team of qualified professionals and the parent of the child in accordance with paragraph (5); and

(B) a copy of the evaluation report and the documentation of determination of eligibility shall be given to the parent.

(5) Special rule for eligibility determination

In making a determination of eligibility under paragraph (4)(A), a child shall not be determined to be a child with a disability if the determinant factor for such determination is –

(A) lack of appropriate instruction in reading, including in the essential components of reading instruction (as defined in section 6368(3) of this title, as such section was in effect on the day before December 10, 2015);

(B) lack of instruction in math; or

(C) limited English proficiency.

(6) Specific learning disabilities

(A) In general

Notwithstanding section 1406(b) of this title, when determining whether a child has a specific learning disability as defined in section

1401 of this title, a local educational agency shall not be required to take into consideration

whether a child has a severe discrepancy between achievement and intellectual ability in oral expression, listening comprehension, written expressions, basic reading skill, reading comprehension, mathematical calculation, or mathematical reasoning.

(B) Additional authority

In determining whether a child has a specific learning disability, a local educational agency may use a process that determines if the child responds to scientific, research-based intervention as a part of the evaluation procedures described in paragraphs (2) and (3).

(c) Additional requirements for evaluation and reevaluations

(1) Review of existing evaluation data

As part of an initial evaluation (if appropriate) and as part of any reevaluation under this section, the IEP Team and other qualified professionals, as appropriate, shall –

(A) review existing evaluation data on the child, including –

(i) evaluations and information provided by the parents of the child;

(ii) current classroom-based, local, or State assessments, and classroom-based observations; and

(iii) observations by teachers and related services providers; and

(B) on the basis of that review, and input from the child's parents, identify what additional data, if any, are needed to determine –

(i) whether the child is a child with a disability as defined in section 1401(3) of this title, and the educational needs of the child, or, in case of a reevaluation of a child, whether the child continues to have such a disability and such educational needs;

(ii) the present levels of academic achievement and related developmental needs of the child;

(iii) whether the child needs special education and related services, or in the case of a reevaluation of a child, whether the child continues to need special education and related services; and

(iv) whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the individualized education program of the child and to participate, as appropriate, in the general education curriculum.

(2) Source of data

The local educational agency shall administer such assessments and other evaluation measures as may be needed to produce the data identified by the IEP Team under paragraph (1)(B).

(3) Parental consent

Each local educational agency shall obtain informed parental consent, in accordance with subsection

(a)(1)(D), prior to conducting any reevaluation of a child with a disability, except that such informed parental consent need not be obtained if the local educational agency can demonstrate that it had taken reasonable measures to obtain such consent and the child's parent has failed to respond.

(4) Requirements if additional data are not needed

If the IEP Team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability and to determine the child's educational needs, the local educational agency –

(A) shall notify the child's parents of –

(i) that determination and the reasons for the determination; and

(ii) the right of such parents to request an assessment to determine whether the child continues to be a child with a disability and to determine the child's educational needs; and

(B) shall not be required to conduct such an assessment unless requested to by the child's parents.

(5) Evaluations before change in eligibility

(A) In general

Except as provided in subparagraph (B), a local educational agency shall evaluate a child with a disability in accordance with this section

before determining that the child is no longer a child with a disability.

(B) Exception

(i) In general

The evaluation described in subparagraph (A) shall not be required before the termination of a child's eligibility under this subchapter due to graduation from secondary school with a regular diploma, or due to exceeding the age eligibility for a free appropriate public education under State law.

(ii) Summary of performance

For a child whose eligibility under this subchapter terminates under circumstances described in clause (i), a local educational agency shall provide the child with a summary of the child's academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child's postsecondary goals.

(d) Individualized education programs

(1) Definitions

In this chapter:

(A) Individualized education program

(i) In general

The term "individualized education program" or "IEP" means a written statement for each child with a disability that is developed,

reviewed, and revised in accordance with this section and that includes –

(I) a statement of the child's present levels of academic achievement and functional performance, including –

(aa) how the child's disability affects the child's involvement and progress in the general education curriculum;

(bb) for preschool children, as appropriate, how the disability affects the child's participation in appropriate activities; and

(cc) for children with disabilities who take alternate assessments aligned to alternate achievement standards, a description of benchmarks or short-term objectives;

(II) a statement of measurable annual goals, including academic and functional goals, designed to –

(aa) meet the child's needs that result from the child's disability to enable the child to be involved in and make progress in the general education curriculum; and

(bb) meet each of the child's other educational needs that result from the child's disability;

(III) a description of how the child's progress toward meeting the annual goals described in subclause (II) will be measured and when periodic reports on

the progress the child is making toward meeting the annual goals (such as through the use of quarterly or other periodic reports, concurrent with the issuance of report cards) will be provided;

(IV) a statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the child, or on behalf of the child, and a statement of the program modifications or supports for school personnel that will be provided for the child –

(aa) to advance appropriately toward attaining the annual goals;

(bb) to be involved in and make progress in the general education curriculum in accordance with subclause (I) and to participate in extracurricular and other nonacademic activities; and

(cc) to be educated and participate with other children with disabilities and nondisabled children in the activities described in this subparagraph;

(V) an explanation of the extent, if any, to which the child will not participate with nondisabled children in the regular class and in the activities described in subclause (IV)(cc);

(VI)(**aa**) a statement of any individual appropriate accommodations that are necessary to measure the academic achievement and functional performance of the child on State and districtwide assessments consistent with section 1412(a)(16)(A) of this title; and

(**bb**) if the IEP Team determines that the child shall take an alternate assessment on a particular State or districtwide assessment of student achievement, a statement of why –

(**AA**) the child cannot participate in the regular assessment; and

(**BB**) the particular alternate assessment selected is appropriate for the child;

(**VII**) the projected date for the beginning of the services and modifications described in subclause (IV), and the anticipated frequency, location, and duration of those services and modifications; and

(**VIII**) beginning not later than the first IEP to be in effect when the child is 16, and updated annually thereafter –

(**aa**) appropriate measurable postsecondary goals based upon age appropriate transition assessments related to training, education, employment, and, where appropriate, independent living skills;

(bb) the transition services (including courses of study) needed to assist the child in reaching those goals; and

(cc) beginning not later than 1 year before the child reaches the age of majority under State law, a statement that the child has been informed of the child's rights under this chapter, if any, that will transfer to the child on reaching the age of majority under section 1415(m) of this title.

(ii) Rule of construction

Nothing in this section shall be construed to require –

(I) that additional information be included in a child's IEP beyond what is explicitly required in this section; and

(II) the IEP Team to include information under 1 component of a child's IEP that is already contained under another component of such IEP.

(B) Individualized education program team

The term "individualized education program team" or "IEP Team" means a group of individuals composed of –

(i) the parents of a child with a disability;

(ii) not less than 1 regular education teacher of such child (if the child is, or may be, participating in the regular education environment);

(iii) not less than 1 special education teacher, or where appropriate, not less than 1 special education provider of such child;

(iv) a representative of the local educational agency who –

(I) is qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of children with disabilities;

(II) is knowledgeable about the general education curriculum; and

(III) is knowledgeable about the availability of resources of the local educational agency;

(v) an individual who can interpret the instructional implications of evaluation results, who may be a member of the team described in clauses (ii) through (vi);

(vi) at the discretion of the parent or the agency, other individuals who have knowledge or special expertise regarding the child, including related services personnel as appropriate; and

(vii) whenever appropriate, the child with a disability.

(C) IEP Team attendance

(i) Attendance not necessary

A member of the IEP Team shall not be required to attend an IEP meeting, in whole or in part, if the parent of a child with a disability and the local educational agency

agree that the attendance of such member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.

(ii) Excusal

A member of the IEP Team may be excused from attending an IEP meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of the curriculum or related services, if –

(I) the parent and the local educational agency consent to the excusal; and

(II) the member submits, in writing to the parent and the IEP Team, input into the development of the IEP prior to the meeting.

(iii) Written agreement and consent required

A parent's agreement under clause (i) and consent under clause (ii) shall be in writing.

(D) IEP Team transition

In the case of a child who was previously served under subchapter III, an invitation to the initial IEP meeting shall, at the request of the parent, be sent to the subchapter III service coordinator or other representatives of the subchapter III system to assist with the smooth transition of services.

(2) Requirement that program be in effect

(A) In general

At the beginning of each school year, each local educational agency, State educational agency, or other State agency, as the case may be, shall have in effect, for each child with a disability in the agency's jurisdiction, an individualized education program, as defined in paragraph (1)(A).

(B) Program for child aged 3 through 5

In the case of a child with a disability aged 3 through 5 (or, at the discretion of the State educational agency, a 2-year-old child with a disability who will turn age 3 during the school year), the IEP Team shall consider the individualized family service plan that contains the material described in section 1436 of this title, and that is developed in accordance with this section, and the individualized family service plan may serve as the IEP of the child if using that plan as the IEP is –

(i) consistent with State policy; and

(ii) agreed to by the agency and the child's parents.

(C) Program for children who transfer school districts

(i) In general

(I) Transfer within the same State

In the case of a child with a disability who transfers school districts within the same academic year, who enrolls in a new school, and who had an IEP that was in effect in the same State, the local

educational agency shall provide such child with a free appropriate public education, including services comparable to those described in the previously held IEP, in consultation with the parents until such time as the local educational agency adopts the previously held IEP or develops, adopts, and implements a new IEP that is consistent with Federal and State law.

(II) Transfer outside State

In the case of a child with a disability who transfers school districts within the same academic year, who enrolls in a new school, and who had an IEP that was in effect in another State, the local educational agency shall provide such child with a free appropriate public education, including services comparable to those described in the previously held IEP, in consultation with the parents until such time as the local educational agency conducts an evaluation pursuant to subsection (a)(1), if determined to be necessary by such agency, and develops a new IEP, if appropriate, that is consistent with Federal and State law.

(ii) Transmittal of records

To facilitate the transition for a child described in clause (i) –

(I) the new school in which the child enrolls shall take reasonable steps to promptly obtain the child's records,

including the IEP and supporting documents and any other records relating to the provision of special education or related services to the child, from the previous school in which the child was enrolled, pursuant to section 99.31(a)(2) of title 34, Code of Federal Regulations; and

(II) the previous school in which the child was enrolled shall take reasonable steps to promptly respond to such request from the new school.

(3) Development of IEP

(A) In general

In developing each child's IEP, the IEP Team, subject to subparagraph (C), shall consider –

(i) the strengths of the child;

(ii) the concerns of the parents for enhancing the education of their child;

(iii) the results of the initial evaluation or most recent evaluation of the child; and

(iv) the academic, developmental, and functional needs of the child.

(B) Consideration of special factors

The IEP Team shall –

(i) in the case of a child whose behavior impedes the child's learning or that of others, consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior;

(ii) in the case of a child with limited English proficiency, consider the language needs of the child as such needs relate to the child's IEP;

(iii) in the case of a child who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP Team determines, after an evaluation of the child's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the child's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the child;

(iv) consider the communication needs of the child, and in the case of a child who is deaf or hard of hearing, consider the child's language and communication needs, opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child's language and communication mode; and

(v) consider whether the child needs assistive technology devices and services.

(C) Requirement with respect to regular education teacher

A regular education teacher of the child, as a member of the IEP Team, shall, to the extent appropriate, participate in the development of the IEP of the child, including the

determination of appropriate positive behavioral interventions and supports, and other strategies, and the determination of supplementary aids and services, program modifications, and support for school personnel consistent with paragraph (1)(A)(i)(IV).

(D) Agreement

In making changes to a child's IEP after the annual IEP meeting for a school year, the parent of a child with a disability and the local educational agency may agree not to convene an IEP meeting for the purposes of making such changes, and instead may develop a written document to amend or modify the child's current IEP.

(E) Consolidation of IEP Team meetings

To the extent possible, the local educational agency shall encourage the consolidation of reevaluation meetings for the child and other IEP Team meetings for the child.

(F) Amendments

Changes to the IEP may be made either by the entire IEP Team or, as provided in subparagraph (D), by amending the IEP rather than by redrafting the entire IEP. Upon request, a parent shall be provided with a revised copy of the IEP with the amendments incorporated.

(4) Review and revision of IEP

(A) In general

The local educational agency shall ensure that, subject to subparagraph (B), the IEP Team –

(i) reviews the child's IEP periodically, but not less frequently than annually, to determine whether the annual goals for the child are being achieved; and

(ii) revises the IEP as appropriate to address –

(I) any lack of expected progress toward the annual goals and in the general education curriculum, where appropriate;

(II) the results of any reevaluation conducted under this section;

(III) information about the child provided to, or by, the parents, as described in subsection (c)(1)(B);

(IV) the child's anticipated needs; or

(V) other matters.

(B) Requirement with respect to regular education teacher

A regular education teacher of the child, as a member of the IEP Team, shall, consistent with paragraph (1)(C), participate in the review and revision of the IEP of the child.

(5) Multi-year IEP demonstration

(A) Pilot program

(i) Purpose

The purpose of this paragraph is to provide an opportunity for States to allow parents and local educational agencies the

opportunity for long-term planning by offering the option of developing a comprehensive multi-year IEP, not to exceed 3 years, that is designed to coincide with the natural transition points for the child.

(ii) Authorization

In order to carry out the purpose of this paragraph, the Secretary is authorized to approve not more than 15 proposals from States to carry out the activity described in clause (i).

(iii) Proposal

(I) In general

A State desiring to participate in the program under this paragraph shall submit a proposal to the Secretary at such time and in such manner as the Secretary may reasonably require.

(II) Content

The proposal shall include –

(aa) assurances that the development of a multi-year IEP under this paragraph is optional for parents;

(bb) assurances that the parent is required to provide informed consent before a comprehensive multi-year IEP is developed;

(cc) a list of required elements for each multi-year IEP, including –

(AA) measurable goals pursuant to paragraph (1)(A)(i)(II), coinciding with natural transition points for the child, that will enable the child to be involved in and make progress in the general education curriculum and that will meet the child's other needs that result from the child's disability; and

(BB) measurable annual goals for determining progress toward meeting the goals described in subitem (AA); and

(dd) a description of the process for the review and revision of each multi-year IEP, including –

(AA) a review by the IEP Team of the child's multi-year IEP at each of the child's natural transition points;

(BB) in years other than a child's natural transition points, an annual review of the child's IEP to determine the child's current levels of progress and whether the annual goals for the child are being achieved, and a requirement to amend the IEP, as appropriate, to enable the child to continue to meet the measurable goals set out in the IEP;

(CC) if the IEP Team determines on the basis of a review that the

child is not making sufficient progress toward the goals described in the multi-year IEP, a requirement that the local educational agency shall ensure that the IEP Team carries out a more thorough review of the IEP in accordance with paragraph (4) within 30 calendar days; and

(DD) at the request of the parent, a requirement that the IEP Team shall conduct a review of the child's multi-year IEP rather than or subsequent to an annual review.

(B) Report

Beginning 2 years after December 3, 2004, the Secretary shall submit an annual report to the Committee on Education and the Workforce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate regarding the effectiveness of the program under this paragraph and any specific recommendations for broader implementation of such program, including –

(i) reducing –

(I) the paperwork burden on teachers, principals, administrators, and related service providers; and

(II) noninstructional time spent by teachers in complying with this subchapter;

(ii) enhancing longer-term educational planning;

(iii) improving positive outcomes for children with disabilities;

(iv) promoting collaboration between IEP Team members; and

(v) ensuring satisfaction of family members.

(C) Definition

In this paragraph, the term "natural transition points" means those periods that are close in time to the transition of a child with a disability from preschool to elementary grades, from elementary grades to middle or junior high school grades, from middle or junior high school grades to secondary school grades, and from secondary school grades to post-secondary activities, but in no case a period longer than 3 years.

(6) Failure to meet transition objectives

If a participating agency, other than the local educational agency, fails to provide the transition services described in the IEP in accordance with paragraph (1)(A)(i)(VIII), the local educational agency shall reconvene the IEP Team to identify alternative strategies to meet the transition objectives for the child set out in the IEP.

(7) Children with disabilities in adult prisons

(A) In general

The following requirements shall not apply to children with disabilities who are convicted as

adults under State law and incarcerated in adult prisons:

(i) The requirements contained in section 1412(a)(16) of this title and paragraph (1)(A)(i)(VI) (relating to participation of children with disabilities in general assessments).

(ii) The requirements of items (aa) and (bb) of paragraph (1)(A)(i)(VIII) (relating to transition planning and transition services), do not apply with respect to such children whose eligibility under this subchapter will end, because of such children's age, before such children will be released from prison.

(B) Additional requirement

If a child with a disability is convicted as an adult under State law and incarcerated in an adult prison, the child's IEP Team may modify the child's IEP or placement notwithstanding the requirements of sections 1412(a)(5)(A) of this title and paragraph (1)(A) if the State has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.

(e) Educational placements

Each local educational agency or State educational agency shall ensure that the parents of each child with a disability are members of any group that makes decisions on the educational placement of their child.

(f) Alternative means of meeting participation

When conducting IEP team meetings and placement meetings pursuant to this section, section 1415(e) of

this title, and section 1415(f)(1)(B) of this title, and carrying out administrative matters under section 1415 of this title (such as scheduling, exchange of witness lists, and status conferences), the parent of a child with a disability and a local educational agency may agree to use alternative means of meeting participation, such as video conferences and conference calls.
